

## **New Product Release**

### **EZVIZ Dual-Lens Pan, Tilt and Zoom Wi-Fi Camera**

With the award-winning C8PF, you will never miss the bigger picture and will always see what's important down to the smallest detail. This pan-tilt-zoom camera features advanced dual-lens technology, an 8x mixed zoom, and provides a picture-in-picture video display mode of both wide and close-up views.

**A wider, clearer view with a picture-in-picture display.**

### **Model:**

- **CC599-8: EZVIZ Dual-Lens Pan & Tilt Wi-Fi Camera**

## GOOD DESIGN AWARD 2020

### Double your views with picture-in-picture display.

EZVIZ designed the C8PF to provide useful picture-in-picture display, in both live viewing and video playback modes. The camera captures a large picture on a small window display, and allows 4x-zoom to render close-up shots on a full screen without blurring the image. You can always tap to zoom in on areas of interest, so as not to miss a thing on far-away objects.

### Smart alerts with AI-powered human shape detection.

Thanks to EZVIZ's advanced AI technologies, the C8PF reduces false or irrelevant alarms by distinguishing human shapes from pets or objects. In addition, you can customize detection sensitivity and time schedules to further filter out unwanted alerts.
